## **Why Should We Abolish the Electoral College?**

This will be a nonpartisan PowerPoint presentation produced by the League of Women Voters US and presented by Lucie Geinzer, Howard County League Board member and member of our AAUW HoCo Public Policy Committee. We will learn what the framers of the Constitution intended when they established the Electoral College. We will learn how the system works, separating facts from myth and learn how we can abolish the Electoral College.

*Many thanks to Lucie Geinzer for arranging this program through League of Women Voters.*
